

iConnect® Enterprise Archive

Best in KLAS VNA/Image Archive

KLAS™ gathers data from thousands of healthcare professionals and clinicians on software, services and medical equipment to create reports, trends and statistical overviews. In the *Best in KLAS Software & Services Report for 2017*, **KLAS named iConnect® Enterprise Archive Best in KLAS for VNA/image archive for the second consecutive year.** Find out why so many choose iConnect Enterprise Archive.

Store Any Image

Store and access active medical images securely with a comprehensive image storage and management solution.

“iConnect Enterprise Archive is simple to operate and run. It works in the background, and if I need to retrieve an exam, it makes it really easy to access.”

Utilize One Source of Truth

Archives DICOM and non-DICOM clinical content from multiple sites across specialties, simplifies integration with EHRs, portals, and HIEs, and distributes images to referring physicians from an integrated archive.

“We have a partnership. Our vision is to have one source of truth. Merge fits within that strategic model. They are very good at listening to the functional needs we have.”

Create an Enterprise Imaging Strategy

Provides a unified strategy that creates access to any type of medical image, anywhere, anytime by anyone across the continuum of care.

“We will work with Merge to strategize, and we give them our ideas. We are looking to them to help us do some strategic planning and come up with a single enterprise strategy.”

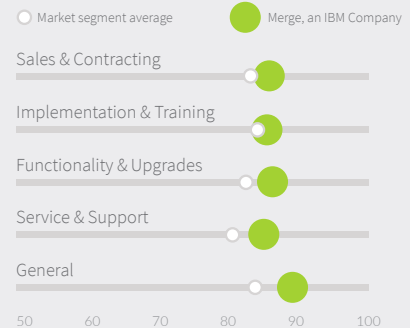

How MERGE STACKS UP AGAINST THE COMPETITION

How do vendor solutions **compare?**

Rank	Vendor	Score	Trend	Confidence
1.	Merge, an IBM Comp., iConnect Ent. Archive	87.3	0%	✓
